Summary

Highly motivated **Frontend/Full-stack developer** with a solid foundation in creating dynamic and responsive single-page applications (SPAs) using modern web technologies. With expertise in both frontend and backend development, I specialize in React, Node.js, MongoDB.

Work Experience

MISTERBIT | 2022 - Present

Full-stack developer and Coding instructor

- Contributed to Company projects.
- Delivered six full-stack development courses at Coding Academy, training 60-70 students per cycle. The curriculum included JS, HTML, CSS, React, Node.js, Express, REST API and MongoDB.
- Helped students grasp concepts and build their own projects.
- Played a key role in designing course materials, assignments, and coding challenges.

Projects

Nearby – Geo-location , safety and security platform.

A mobile platform offering location-based safety services and emergency support

- Developed the apps frontend using react and managed state with redux-toolkit.
- Integrated cloud services using AWS Cognito for authentication.

WEBzone - Website building platform.

A Website-building tool inspired by Wix, enabling users to create customizable websites.

- Developed the platform using React, Redux, and SCSS for the Frontend.
- Built the backend with Node.js, Express, and MongoDB for database management, using socket.io for real-time features.
- [Demo](#) , [Frontend Repository](#) , [Backend Repository](#)

Education

- **November 2021 – February 2022 Full Stack Developer Bootcamp – Coding Academy.**
- Intensive 4-month training program focusing on self-led learning and group projects mirroring real-world development teams.
- Acquired expertise in front-end technologies such as HTML, CSS, JavaScript, React, and back-end skills, including Node.js with Express and MongoDB.

Military Service

IDF | 2018-2021

Armored Corps Combat Soldier & Platoon Logistics Commander

- Led logistics operations for a platoon of 50 soldiers, ensuring timely delivery of equipment and supplies during critical missions.
- Developed strong leadership and team management skills under high-pressure environments.

Professional Skills

- **JavaScript, Typescript, HTML, CSS, React, Redux, Node.js, Express, MongoDB, SCSS, Socket.io, Vue.js, Vuex , React-query ,AWS, GraphQL, Ruby on Rails**

Languages

- Hebrew – native | English – fluent
